"Pie To Go"

Welcome to the artistic world of Alabama native John Gorrie. Sea, Sky and Landscapes filled with heavenly spheres, exotic birds, and levitating wine glasses blend with natural objects in a surrealistic fashion.

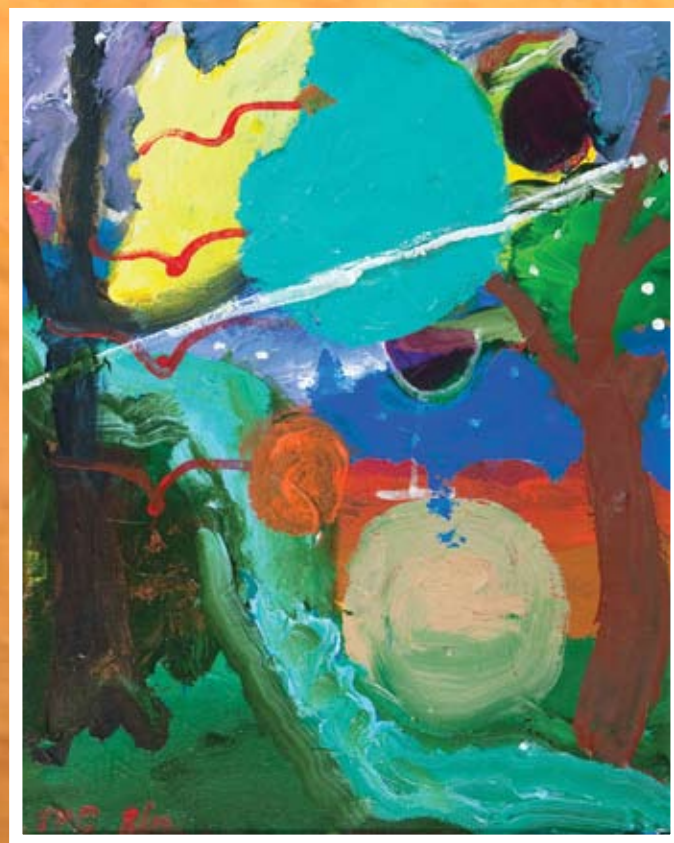

"My paintings are somewhat symbolic with a palette that suggests the ethereal - as though they were created on another planet."

The works in this brochure are available as giclée prints. Custom sizes are available upon request. These and many of Mr Gorrie's other fine works can be viewed at his website - www.musartlit.com
